NOTE TO MR. COFFEY -

Jack -

I've decided to take this line rather than writing a long review of the same material you have read yourself. As we discussed it this morning, this is a broader matter than Support but we perhaps can get some ideas on what can be proposed on a larger scale by talking to these officers.

I have suggested a meeting in two weeks because of Hugh's planned absence from 3 to 13 March. If you think we should have it a week earlier and have Rod attend, will do.

DRAFT - RSW/ms
1 March 1971

MEMORANDUM FOR: Director of Personnel
Director of Medical Services
Director of Security
Director of Training

SUBJECT : The Youth Forum

My review of various memoranda which have been written following the Youth Forum and reflection on discussions with various observers convinced me that this is not a subject which we can ignore. I am not sure what kind of action program we should consider and would like to have the advantage of your individual and collective thinking. To give you time to review the subject with members of your respective staffs I would like to schedule a session with you in my office two weeks from now.— 9:30 a.m. on Tuesday, 16 March 1971.
